

My name is Lisha Yost, Founder of Twonder Woman.

My goal is to help as many small businesses, entrepreneurs, blogs, and startups build a **reputable growing brand on Twitter**, and get more **traffic, leads and sales**, with the help of my **simple, yet effective Twitter marketing strategy**.

I keep my prices low, simply because **I am able to help more people this way**.

And starting in 2016, I decided to use my business as a ministry to help Christian Ministries, Churches, and Non-Profits as well. Bloggers, Churches, Ministries and Non-Profits all qualify (based on certain criteria) to get 20% off my services. Contact me if you think you qualify.

### **Here's why you should pick me:**

- I have the best strategy at the most affordable price when it comes to Twitter management and I'm ready to help you get to the next level.
- I have helped over 500 people grow their Twitter accounts.
- I have taken 4 ½ years of my own personal experience to figure out the very best possible strategy to both save time and make the most of Twitter marketing.
- You can trust the process. I use the same strategies for my clients as I use on my very own Twitter accounts for my very own precious businesses.
- I can help you save 10, 20, 30, or 40 hours a month so you can focus on other important things.
- No matter what you think, you can't do it alone. A smart business eventually has to delegate, employ, and outsource in order to grow and be successful.
- I will build and grow for you a relevant targeted following of people who are interested in what you're all about.
- I will help you grow your exposure and popularity, and help you gain rapport and a good reputation with your potential customers and clients.
- I will get you an increased level of traffic to your site. This traffic can be turned into leads, subscribers, sales, customers, clients, etc.

- I offer the best support. I am available 24/7 to answer your questions, attend to your needs or requests for changes, and I am usually able to respond in under 24 hours.
